

TENZIN MELONGKHARPA

203-809-1528 | fnutengyal@gmail.com | West Haven, CT

EDUCATION

Bachelor of Science, Cybersecurity and Information Assurance
Western Governors University | Salt Lake City, UT
WGU Cyber Club Member | Excellence Award Recipient
May 2023 – November 2025

EXPERIENCE

db5 Software and Services | Florida | Cybersecurity Intern
Sep 2025 – Nov 2025

- Collaborated with cross-functional stakeholders to review and update security policies aligned with Texas RAMP and NIST 800-53, improving organizational compliance readiness.
- Created a Compliance Alignment Matrix and audit checklist to streamline future assessments and track certification progress.
- Presented compliance findings and risk-based recommendations to leadership, enabling informed security and governance decisions.

PROJECTS (<https://github.com/Tenzin627>)

Volunteer Knowledge Assistant

- Developed a Flask-based knowledge assistant that enables users to quickly retrieve information from uploaded organizational documents.
- Implemented document parsing, search, and AI-assisted question answering using Python and modular application architecture.
- Improved information accessibility through an intuitive web interface, reducing manual document searches.

Multi-Factor Authentication (MFA) Security Implementation

- Implemented multi-factor authentication using Azure AD and AWS IAM to strengthen identity security and reduce unauthorized access risk.
- Configured role-based access controls following least-privilege principles.
- Documented implementation procedures and security recommendations.

Cloud Migration and Security Lab

- Migrated workloads to AWS while implementing IAM, encryption, VPC segmentation, and key management.
- Performed post-migration security validation against cloud security best practices.
- Documented security configurations and risk mitigation strategies.
